SOLAR THERMAL '11

National Solar Heating & Cooling Conference

SOLAR THERMAL '11 will be held December 1-2, 2011, in Milwaukee, Wisconsin. You won't want to miss this one of a kind national solar heating and cooling event.

SOLAR THERMAL '11 is a two-day conference and networking event for industry professionals, including: installers, manufacturers, distributors, engineers, designers, policy makers, code officials, and trainers. Our goal is to speed solar thermal market transformation by "connecting the dots" across the industry.

For exhibit and sponsorship opportunities, contact Tehri Parker at tehrp@midwestrenew.org
